

My Name

myemail@gmail.com

7 911 123 45 67

Objective: to obtain a position of software engineer.

Education:

Saint-Petersburg State XXX University
(September 2005 – XXXX 2011)
<http://www.UniversityWebSite.ru/en/>

Specialist(Master) degree
Faculty of Computer Science and Informatics
Department of Computer Science

Experience:

XXX ,
Saint-Petersburg, Russia
Aug. 2010 – present time

Internal R&D project

Development from scratch to beta prototype:

- Server application for pdf files processing;
- Library for extraction of simple document layout, simple table recognizer;
- GUI application for observing pdf files an management of extracted information;
- GUI application for pdf page layout mark-up(edit, create, export);

J2SE; J2EE; JNI; Swing; XML; Tomcat; ANT;

XXX,
Saint-Petersburg, Russia
Mar. XXX – XX. 2010

Development for Bluetooth 3.0 (Jan. 2010 – Aug. 2010)

Development of filter driver with collecting of “bluetooth traffic”(from scratch); Application for collecting and observing of different logs and system information(from scratch); Some Win services for Bluetooth 3.0; HCI and L2CAP parsers.

C/C++/C#; WDF; target OS: Win XP/Vista/7 (x32/x64); Scrum

Development of Bluetooth Car-Kit (Jul. 2009 – Dec. 2009)

Development of “Messages” feature, including UI, module of bluetooth manager responsible for work with MAP profile(development from scratch to product sample); Data processing in car-kit, work with Text-To-Speech system.

Interaction with contractor companies concerning questions related requirements for API of provided libraries (CSR and A&W).

C; Nucleos RTOS; CSR RoadTunes; Nuance TTS API

Development XXX Mobile Platform (March 2008 – Jun. 2009)

Development and support of Mobile Platform;
KVM implementation for JSR's: 82, 118, 120, 205;

C/C++;J2ME

Core skills:

Programming languages: C/C++; C#; J2ME; J2SE;

Tools: VS 2005/2008; IntelliJ Idea; Netbeans; Eclipse; Metrowerks CodeWarrior; Klocwork Insight; IBM Rational ClearCase, ClearDDTS, ClearQuest; OPENIce-EDS; Wireshark; QPST; CSST; SVN;

Operating Systems: Windows XP/Vista/7; Linux Ubuntu;

Other: HW skills, soldering, prototyping; Six Sigma; Scrum; Experience in technical conversations in english by phone and e-mail.

Languages: English (written, spoken)
Russian (native)

Other: Aimed at result, able to learn new technologies in short time and to work in team, stress stabilized, communicative, energetic, able to work hard.
